

MOTORIZED ANGLED WINDOW BLINDS & WINDOW SHADES

FULLY OPERABLE CUSTOM MOTORIZED WINDOW COVERINGS AND WINDOW TREATMENTS FOR ANGLED WINDOWS.

Blind Compresses
To Top of Window

Raises Fully to
Top of Window

FEATURES

- **Industry Exclusive Operation.** Angled blinds raise and lower fully on virtually any size or any shape of angled window.
- Bottom Up Operation: Fully operable angled blinds raise completely to the top of the angled window.
- Blinds open and close standard with a remote control.
- Home automation options are available.
- Virtually no size, shape or slope restrictions on angled blinds.
- Color coordinating valance is standard.

MATERIALS

- Honeycomb materials are approved from leading manufactures. Refer to pre-approved materials list.
- 3/4 inch Light filtering and semi-opaque are preferred.
- Room darkening is available.
- Larger pleat sizes are available.
- SEE ALSO: Bottom rolling screen shade material options.

MOTORIZATION OPTIONS

Most industry standard motors are available, including:

- Somfy
- Rollease Acmeda
- Lutron
- Hunter Douglas PowerView® Gen 3

POWER OPTIONS

- Battery wand
- Rechargeable battery
- Plug-in transformer
- Solar collector
- Hard-wired low voltage with multi-shade power supply

HOME AUTOMATION COMPATIBLE

Specialty shapes are fabricated with most industry motors. Home automation and motor compatibility includes: Hunter Douglas, Somfy, Lutron, Rollease Acmeda, Crestron, Vantage, LiteTouch, Control4, Savant, Z Wave, ZigBee, Somfy MyLink™, Mecho Shades, Alexa, and most other smart home and smart building automation systems.

OPERATION & FUNCTION

- Inside Mount (IB/IM) is suggested.
- Angled Shades are designed to be fully deployed or fully retracted; not midway.

MEASUREMENTS AND TEMPLATES

- A template is NOT required. Refer to Final Measurement Worksheet.

SIZE AND SHAPE LIMITATIONS

- Most sizes and shapes are available for fabrication with few limitations on width, length or angle degree.
- 174 inches is the maximum width, determined by the top angle size of the window opening.
- Call or email for review and production pre-approval.
- SEE ALSO: Bottom rolling screen shade material options which may be available in larger opening sizes.

ALTERNATIVE OPTIONS

- Angled Roller Shades, Angle Top Bottom Rolling Screen Shades & Gabled Bottom-Up Window Shades.
- Fixed Position Non-Operable Honeycomb.
